

# Shivam mishra

FRONTEND DEVELOPER

## Profile

Skilled frontend developer proficient in HTML, CSS, and JavaScript, React, tailwind Css with a keen eye for detail and a passion for creating engaging user interfaces. Adept at collaborating with teams to deliver impactful web solutions. Eager to continue learning and grow in a dynamic development environment.

## Education

### Bachelor of Commerce (B.Com)

As a recent graduate with a Bachelor of Commerce (B.Com) degree, I'm enthusiastic about starting my career as a front-end developer. Despite my educational background in commerce, my passion for technology and self-learning has led me to gain proficiency in front-end development. With skills in HTML, CSS, JavaScript, and experience in frameworks like React.js

## PROJECT' S

- E-commerce website
- Developed a E-commerce website using HTML, CSS, and JavaScript
- Implemented responsive design principles to ensure compatibility across various devices and screen sizes
- <https://mitraecom.netlify.app/>
- MOVIE SEARCH WEB APP
- The Movie Search App is a web application built with HTML, CSS, and JavaScript. Users can search for movies, view detailed information, and enjoy a responsive design.
- It integrates with a movie database API and offers error handling for a seamless user experience.
- <https://shivam-mishra20.github.io/Movie-Search-web-app/>
- DICE GAME USING REACT
- Create a dice game in React where a user clicks on a dice that rotates and generates a random number. The user then selects a number, and if it matches the dice number, the user gets 2 points; otherwise, the other user gets -2 points.
- <https://shivam-mishra20.github.io/Dice-Game/>
- WHATSAPP WEB-CLONE REACT
- Develop a WhatsApp Web clone in React to replicate the core features of the messaging platform .
- <https://whatsapp-web2-clone.netlify.app/>
